SHORT CV

Vivek Laha

Dr. Vivek Laha is an Assistant Professor (Stage III) in the Department of Mathematics, Institute of Science, Banaras Hindu University, Varanasi, India, where he has been teaching since June 2016. He received his B.Sc. from V. B. S. Purvanchal University in 2006 and his M.Sc. and Ph.D. in Mathematics from Banaras Hindu University in 2009 and 2014, respectively. He was an NBHM Postdoctoral Fellow at Banaras Hindu University in 2015 and served as an Assistant Professor at the Indian Institute of Technology Patna in early 2016.

His research interests include multiobjective optimization, variational inequalities, generalized convexity, nonsmooth analysis, semi-infinite and robust optimization, interval-valued programming, and mathematical programs with vanishing, equilibrium, and switching constraints. His work has appeared in journals such as the Journal of Optimization Theory and Applications, Annals of Operations Research, Optimization, Optimization Letters, and Optimization Methods and Software.

He was a Visiting Fellow at the Universitat Autònoma de Barcelona, Spain, from April to July 2025. He co-edited the Springer volume Optimization, Variational Analysis and Applications (2021), has participated in international conferences and research activities in several countries, and has supervised four doctoral students to completion. He has also served on conference organizing committees and as a reviewer for mathematical journals and reviewing services.

Affiliation: Banaras Hindu University, Varanasi, India
